

Infinite Campus Preview for Parents

Students at Washington monitor their own grades on a weekly basis by logging in to Infinite Campus. Through Infinite Campus, students can view their overall course grades as well as a breakdown of each of those grades. They are also able to see if they have missing assignments. Parents/Guardians also have login credentials for Infinite Campus; these credentials were used for registration this fall. Please continue to use Infinite Campus to monitor your student's progress at GWMS.
